

Wichtige Montagehinweise:

Kontrollieren Sie wenige Tage nach der Erstmontage den festen Sitz der Crash Balls und danach regelmäßig im Abstand von ca. 3 Monaten. Schrauben bei Bedarf nachziehen, das Anzugsdrehmoment beträgt 10Nm

Anbau vorne rechts

Erst diese Teile endfest montieren und in die Achse schieben!

Anbau vorne links

Fitting instruction Crash Balls for axle protection part-no.: 555Y105..

Important mounting instructions:

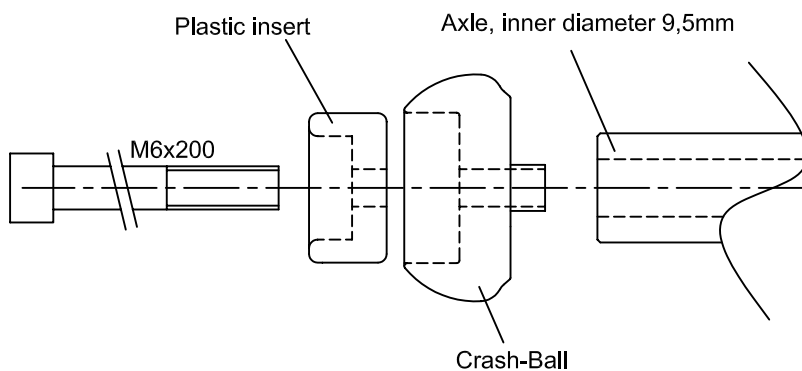

To assure a proper fit, the parts have to be clean and dry! Tighten the Crash Balls with the outside bolts until they fit firm on the axle and can't be moved by hand. Check the Crash Balls for proper fit a few days after first installation, then periodically every 3 month. Tighten them again if necessary. The tightening torque is 10Nm / 7.37lbf ft.

Fitting front, right side

Mount this parts first and tighten them, then insert them into the axle!

Fitting front, left side

Rev. 00 22/01/2009

Instructions de montage pour protecteurs d'axe Crash Ball

N°article: 555Y105..

Important :

Contrôlez le serrage quelques jours après le premier montage, puis régulièrement, tous les trois mois environ. Serrez les vis à un couple de serrage de 10 Nm.

Montage à l'avant droite

Commencez par le montage des pièces avant de les pousser sur l'axe!

Montage à l'avant gauche
